Summary

Python developer with experience in AI/ML and backend development. Worked on dialogue and expert systems: data collection, database design, REST APIs, and ML model integration. Strong in Python, SQL, NLP, and data processing.

Skills

PROGRAMMING LANGUAGES	**Experienced:** Python, SQL, C++ **Familiar:** Kotlin HTML/CSS/JS
FRAMEWORKS & TOOLS	Git Gitea GitHub Linux LaTeX Docker Docker Compose PostgreSQL SQLite Redis Neo4j Ollama
LIBRARIES	FastAPI SQLModel SQLAlchemy asyncio Numpy pandas Matplotlib openpyxl ortools psycopg2 Pydantic unittest pytest requests WebSockets Selenium NLTK spacy scikit-learn SentenceTransformers OpenAI multiprocessing
LANGUAGES	**Native:** Russian **Intemediate:** English

Experience

SOFTWARE ENGINEER
5/2023 - 5/2025

Intelegent Semantic Systems
Minks, Belarus

Developed AI-driven solutions for specialized dialogue and expert systems.

- Conducted domain research to align projects requirements and solutions.
- Performed web scraping and data collection to gather necessary datasets for the projects.
- Implemented Retrieval-Augmented Generation (RAG) pipelines to enhance dialogue systems with external knowledge bases.
- Leveraged NLP libraries (spaCy, NLTK, SentenceTransformers) for text preprocessing, entity recognition, and semantic search.
- Created and maintained project databases, ensuring data integrity and performance.
- Designed and implemented RESTful APIs for seamless frontend-backend communication.
- Integrated frontend, server, and database layers, ensuring smooth data flow and system interoperability.
- Implemented asynchronous request handling and parallel processing to efficiently manage concurrent client connections.
- Authored comprehensive project documentation, including technical specifications and API references.

TEACHING ASSISTANT
9/2024 - 5/2025

Belarusian State University of Informatics and Radioelectronics
Minks, Belarus

Conducting laboratory and practical classes on discrete mathematics and fundamentals of machine learning.

Education

BELARUSIAN STATE UNIVERSITY OF INFORMATICS AND RADIOELECTRONICS
9/2020 - 6/2024

Faculty of Information Technology and Management
Minsk, Belarus

Speciality: Artificial intelligence. Bachelor's degree

BELARUSIAN STATE UNIVERSITY OF INFORMATICS AND RADIOELECTRONICS
9/2024 - Present

Faculty of Information Technology and Management
Minsk, Belarus

Speciality: Artificial intelligence. Master's degree
